|| Life Predictions ||

Character

You think out things that are original in character. These may take widely diverse forms. You might invent some very ingenious contrivance or evolve a new method. Whatever it is, the world will be taken a step forward on your account.There is no doubt that you set great score on honesty, using the term in its widest sense. You require your friends to be honest in purpose, honest in speech, as well as in money affairs.Your greatest weakness lies in the way you treat others. You cannot tolerate inefficiency and you are apt to consider those who do not see eye to eye with you as being hopelessly beneath contempt. It would not be difficult for you to cultivate a more charitable and tolerant view towards those who are likely to earn your disapproval. At any rate, it is well worth trying.You are a person of considerable action. You are never still. You are always making plans and the thing you can least tolerate is inactivity. You have much self will, and the spirit of independence is firmly planted in you. You resent the interference of others, perhaps more than you should, and freedom is a quality you prize very highly- freedom not only of action but also of thought.

Happiness And Fulfillment

Expecting too much too soon, you are under tremendous inner tension and are too stubborn to compromise. Extremely nervous, you scatter your energies by doing too many things at once and rarely complete anything, for there is always something new to discover. At later part of your age, you may experience migraine headaches and must learn to relax. Any sort of combined physical and mental discipline such as yoga is an excellent remedy.

Life Style

You are more inward than most. If you were to appear in front of a large group of people, you would suffer from stage phobia. You are best motivated when you are alone to do whatever you want to do, and at your own pace.

|| Life Predictions ||

Career

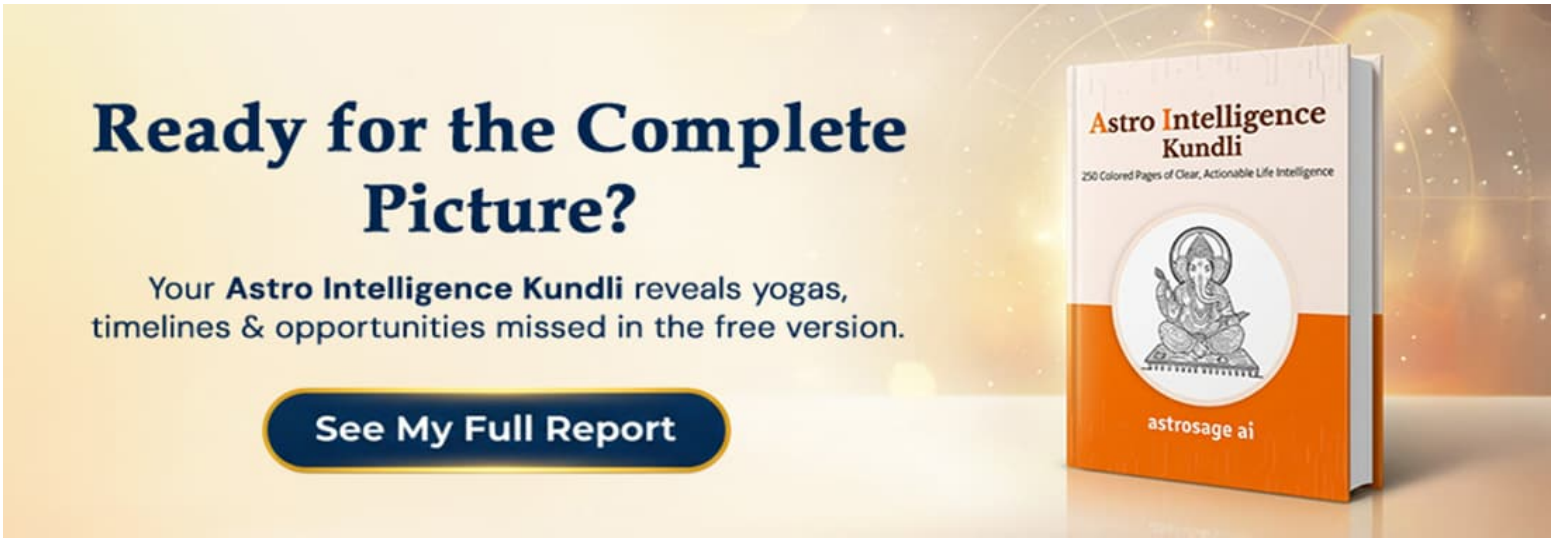

Look for a career where you can use your abilities to carry out projects in minute detail. These projects must be perfect, and you will not be under pressure to limit the time it takes to complete them. For instance, if you go into interior design, you should have clients who have enough money to spend so that you can do an elegant job.

Occupation

You are not fitted for any calling that is decidedly strenuous, nor do you care for too much responsibility. You do not mind work, in fact work agrees with you, but it must not involve a load of responsibility. While you are prepared to turn your hand to almost anything, it is very noticeable that you have a decided flair for all that is cultured and clean. In addition, you may have noticed that an occupation which brings you in contact with bright lights and a certain amount of gaiety suits you far better than one that relegates you to loneliness and quiet. As a matter of fact, your own quiet nature cannot tolerate quiet surroundings and it yearns for brightness and anything cheery.

Health

You have a good constitution. You possess a considerable amount of vitality and it will be preserved well into old age, if you take plenty of outdoor exercise. But, this can be easily overdone. Should you exceed a reasonable amount, trouble will manifest itself in the breathing apparatus and will lead to bronchial diseases. You are liable to attacks of sciatica and rheumatism after 45 years of age. It will be difficult to assign a reason for these attacks, but manifestly they are due to exposing yourself too frequently to the night air.

|| Life Predictions ||

Hobbies

You have the bump of acquisition strongly developed. It follows that you like to collect things, it may be old china, postage stamps, old coins - anything. Moreover, you find it difficult to throw things away or to part with them. You always think that you may want these some day and thus, you are a born collector. Such other hobbies as you have are more of the indoor kind than the outdoor. You have the patience to make things, and if you have not the skill you could easily acquire it.

Love Matters

Generally, you are very careful in taking a partner. The horror of making a possible mistake seems to be magnified in your eyes and you are very cautious. As a consequence, you marry later than usual. But, once you make a choice, you become charming and devoted spouse.

Finance

You are not likely to be lucky with partners in business. You will be more likely to be architect of your own fortune than receive much help from others. But, there is no reason for you not to eventually succeed and even become wealthy. In matter of finance, your quick-witted clever brain will give you great opportunities. At times your are likely to be very rich and at other times the reverse. When you have money you will be extravagant, when without it you can adapt yourself to the lowliest sphere. In fact, the greatest danger is that you are by nature too adoptable to others as well as to conditions. If you made the effort to hold your nature in check, you would easily become a success in whatever enterprise, industry or work you became associated with.

|| Life Predictions ||

Education

The power of profound thinking has been invested upon you, which helps you to get hold of things swiftly. However, this procedure is quite time taking, which can give birth to boredom. You will work hard in your studies and maintain a studious nature. Learning your lessons regularly will help you in completing your studies. You are also likely to get stuck in a particular subject, but regular revisions will help you get through it. Sometimes, you may not get your desired results but you will obtain knowledge in abundance which will provide you success in various aspects of life.

In present days, discussions about this dosh are vogue among Jyotishi or Hindu Astrologers of India. Many of troubles in one's life are mostly because of Kalsarp Dosh. Without analyzing other areas of astrology, most astrologers, in fact, accept kalsarp dosh is main root of problems. But the reality is this that if all planets are well posited in horoscope, kalsarp dosh will not be harmful, and can be supportive to beneficial results endowed by good positions of planets. Kalsarp dosh is inauspicious when positions of planets are unfavorable in one's horoscope. Therefore, it is not wise to fear hearing just about 'Kalsarp Dosh'. It is in fact always better to reach on remedies only after consulting jyotishi for deep analysis on negative influences of Kalsarp dosh. || Shadbala and Bhavabala – Strength Calculations ||

Shadbala is a method in Vedic astrology that gives quick insight in the strength of planets and the houses. Sanskrit means 'Six' and hence Shadbala consists of 6 different sources of strength. Shadbala calculation is a laborious process but thanks to computers one can get these strength calcualtions by just one mouse click. Shadbala method gives a value to each planet and each house. The more points a planet and a house gets in Shadbala the stronger it is.
